Visit Introduction

This Education Visit Plan (EVP) has been developed to encourage schools to access the South Downs National Park and its outdoor learning opportunities using sustainable transport in the form of rail travel.

Amberley Museum & Heritage Centre is set in a 36-acre site in the South Downs National Park and is dedicated to the industrial heritage of the South East. It is situated right next to Amberley station so it is ideally located for visiting by train.

Exhibits include a narrow-gauge railway and bus service (both provide free nostalgic travel around the site), a Connected Earth Telecommunications Hall, the Milne Electricity Hall, a Printing Workshop and much more. The Museum is also home to traditional craftspeople, such as the blacksmith and potter.

The wide range of exhibits at the Museum reflect the changes that have taken place in everyday life from the Industrial Revolution onwards. The collections, which include historic buildings and transport machines, have a particular emphasis on History, Science, Technology and Engineering.

The Museum site is unique. With over 40 buildings situated within a chalk quarry ecosystem it offers students a rich and varied environment to explore. Many of the exhibits have a strong 'hands-on' elements or are 'live', enabling visitors to experience themes, concepts and technologies first hand.

Amberley Museum staff understand that all groups and learners are different and they take care to adapt their service to meet your needs. Amberley is popular with a wide range of students including those with special needs, home educator groups, out of school learners, early years' groups and family centres. Please contact the Education Officer who will be happy to discuss any special requirements you may have.

Though the majority of trip organisers like to include a talk, workshop or demonstration as part of the day, we also welcome teacher led visits

Oak Class (Years 1 & 2) from Fittleworth School had planned a visit to Amberley Museum for their topic 'Then and Now'. They kindly agreed to participate in the 'Visit by Rail' project so that we could create this Educational Visit Plan and we are very grateful for their support.

For the visit the pupils met at Pulborough Station instead of being taken to school so this made the logistics of the travel much easier. 32 children and 8 adults made the journey by train from Pulborough to Amberley, which only takes 6 minutes. The Education Team from the Museum met the children at the entrance and they were taken to a barn which was set aside for the school to use all day. The children could leave their bags and lunch boxes, and have their snacks. There were activities in the barn so the children were occupied even during 'down time'.

The visit was then co-ordinated by the Museum staff and the children were very lucky to have an open-top bus tour added in, as well as the steam train ride.

Ticket Information

To find out how much it will cost for your visit you can follow the link and complete the Group Travel Booking Form. The information will then be emailed to you directly.

www.southernrailway.com/tickets-and-fares/railcards-and-discounts/group-travel-booking-form

There are restrictions on some tickets so you need to check the train times to see if they are outside the restrictions

Train Information

National Rail Enquiries is an excellent website that gives you live information about trains, tells you the next train you can take, the fastest train and helps you to plan your journey. There is also an 'app' which is very useful if you have a Smart phone.

Hints & tips

Let all of the passengers getting off the train go first, then get a seat as quickly as possible once you are in the carriage. Get pupils to sit in next to the windows so that other passengers can sit down more easily.

Most stations and trains have toilets but this is not always the case so make sure that you make your students are aware of this before you travel. Where stations have toilet facilities the opening times will vary depending on the station.

GroupSave from Southern Railway, offers a 34% discount on the adult fare for between 3 and 9 people when travelling together.

Also on Southern Railway up to four children aged 5 to 15 years may travel Off-Peak for only £2 each when accompanied by an adult with a valid ticket and under 5's travel absolutely free.

Risk Management Plan

Each educational session or event requires an appropriate safety briefing. It is based on the risk assessment and forms the Risk Management Plan.

Pre-visit Briefing – delivered by the Group Leader prior to the visit to prepare the participants
This is a reminder of the key points to cover:

General

Emergency plan
Suitable attire and footwear
Weather appropriate protection
Emergency equipment, first aid (are permission slips needed for emergency medication?)
Food and toilets
How accompanying/supporting adults will be deployed
Expectations
No headphones
Mobile phones kept in pockets or bags
Adults to have contact numbers for other adults on the visit

Walk

Footpaths
Traffic

Activities

Specific activity hazards

On Site Briefing – delivered by the Education Team / school staff on the day.

Outline of the day and emergency actions.

A member of the Education Team will be with the group all day, any problems should be brought up as soon as possible to allow for us to seek solutions.

All of the site will have members of the public around and the group is expected to be courteous and polite.

Lost child procedure; children to be told to go to office.

Radio contact for staff and volunteers at the Museum.

Group leader responsibilities

In loco parentis shall remain the duty of school/youth group staff at all times during the visit. Discipline & conduct of educational groups will be the responsibility of the person in charge of the group, as will the responsibility for pastoral care. Officers who regularly come into contact with young people and vulnerable adults as a main aspect of their role have been vetted via the DBS service.

Details of the Amberley Museum Child Protection statements are available on request.

Due to the nature of the environment it is essential that groups display appropriate behaviour at all times and it is within the discretion of the Amberley Museum Education Team to curtail the visit should poor behaviour prove hazardous to the individual, group or staff.

It is the responsibility of the Group Leader to ensure that the correct Local Authority supervision ratios are maintained by the school staff, and that the Local Authority is notified of the educational visit as appropriate. **Learning Provider staff will be in addition to the minimum supervision ratios.**

It is recommended that you take out insurance to cover risks of accident, illness, loss of personal belongings or cancellation.

Risk Assessment

This generic risk assessment is a pick list aimed at facilitating risk assessment of a specific site prior to use with a group. Use it to form the actual risk assessment and **embolden the text** once complete.

Please add activity related risk assessment. It is the responsibility of Group Leaders to familiarise themselves with all risk assessments associated with the visit and update them accordingly.

Prior to the group arriving, the Education Team should carry out a daily site check to identify/minimise risks and inform safety briefing. A risk management plan must be completed based on the finalised risk assessment.
